

People Directory

Directory Includes **1000 In-Network Providers** found within 20 miles of 11790

Options PPO

Our network of providers and facilities is always evolving. Before you make an appointment, check that your provider or facility participates in your network. To find out, you can ask your provider or facility, or you can check on myuhc.com.

Visit myuhc.com for:

- Up-to-date list of network providers and facilities
- Resources to help you make choices about your care
- Provider credentials
- Maps and directions

If you don't have access to the internet or want to check that a provider or facility is in network, call Member Services at the toll-free number on the back of your ID card.

The UnitedHealth Premium® program evaluates physicians based on safe, timely, effective and efficient quality care criteria to help members make more informed and appropriate choices for their health care. **It's intended only as a guide and should not be the sole factor when selecting a physician. Designations have a risk of error and members should discuss designations with a physician before choosing one.** If you already have a physician, you may also wish to confer with him or her for advice on selecting other physicians. The fact that a physician does not have a Premium Care Physician designation does not mean that the physician does not provide quality health care services. All physicians in the UnitedHealthcare network have met certain minimum credentialing requirements (separate from the Premium program). Please visit myuhc.com for detailed program information and methodologies.

Hospital Affiliation displayed on this page doesn't indicate the hospital is in-network for this plan. Please conduct a hospital search to confirm if the given hospital is in-network for this plan.

Members in health plans that offer tiered benefits may pay less for services provided by Tier 1 providers.

CENTEREACH, SUFFOLK, NY

ALLERGY AND IMMUNOLOGY

Avshalomov, Gad I, MD | License #: 215924 | NPI: 1609851617

Pediatrics, Allergy and Immunology

The choice of provider is yours. This site is for informational purposes only. It is not a substitute for medical, behavioral health, dental, vision, or health care advice. This directory does not recommend a particular provider or type of behavioral health, medical, dental, vision or health care. If you believe you are experiencing a medical emergency, please call 911.

Before scheduling an appointment or receiving services, please check with the provider and your health plan to confirm that the provider is participating, that the service is covered, and the costs that you may be charged for the service. The directory is updated weekly. If you think any information in the directory is inaccurate, let us know by clicking on 'Report Incorrect Information' on that provider's page, or calling the number on your health plan member ID card.

** If a provider's entry contains a termination date, the provider's agreement with UnitedHealthcare ends on this date, and the provider is scheduled to leave UnitedHealthcare's provider network. If UnitedHealthcare and the provider reach a new agreement, the provider will remain in-network and the term date will be removed.
